

SOLWAYFEEDERS

GAME & POULTRY REARING EQUIPMENT

Product Catalogue

2019

Secure online ordering at www.solwayfeeders.com

Welcome

This year we have decided to publish a separate price list. At the time of going to print the situation with Brexit is unresolved resulting in the exchange rate fluctuating daily. It is very difficult to set prices for 12 months for the products that we import. We are reluctant to set a price that may be too high or too low in 6 months' time. With a separate price list, we will be able to change prices accordingly for those customers who prefer to browse a catalogue rather than the web.

On a more positive note, you may have noticed that the outer packaging for the brochure is different this year, we have sourced a biodegradable bag. We are trying to do our bit to reduce single use plastics and decrease landfill.

BUSINESS TERMS & CONDITIONS

Payment

We accept most major debit and credit cards as preferred payment method.

Cheques are accepted, please allow 10 working days for clearance.

Prices shall be subject to availability and price ruling at date of despatch.

Solway Feeders reserve the right to alter prices without prior notice.

Title

All goods sold by Solway Feeders shall remain their property until paid for in full by the Buyer, notwithstanding that the risk in the goods has passed to the Buyer and notwithstanding that the Buyer may not have possession of the goods.

Claims

Claims of any kind must be notified to us within 3 days of receipt of goods. **PLEASE NOTE** that when you sign a carrier's ticket on receipt of goods, you are signing that you are receiving them **IN GOOD CONDITION**. Carriers will not accept claims for damage once you have signed. If in doubt return the goods with the carrier.

Use of Equipment

No express or implied condition, statement or warranty, whether statutory or otherwise, is given or intended to be given as to the suitability of the equipment for any particular purpose. No liability is accepted by the Seller for any loss, damage or injury caused either directly or indirectly by the use of the equipment. Any secondhand equipment is sold as seen.

No guarantee is offered for second hand goods unless specifically stated on delivery documents.

General

Solway Feeders reserve the right to alter the materials or design of any piece of equipment without prior notice.

Delivery

All prices are quoted ex works, delivery being extra. Delivery charges are calculated on the weight of the goods.

Off shore Islands, Northern Ireland and Southern Ireland will incur an excess charge for delivery, although this will be kept to a minimum. Export orders will be quoted before despatch.

VAT

All prices quoted, including delivery, are inclusive of VAT, which is charged at the prevailing rate.

Placing an Order

The placing of an order constitutes acceptance of all Terms & Conditions of Business.

Returns

Goods must be returned in their original packaging and be fit for sale. Please note that carriage costs are non refundable. When returning goods please include the following:

- A returns number [contact us for details]
- Proof of purchase (copy of invoice)
- Reason for return

This does not affect your statutory rights.

ATV FEEDERS

ATV and UTV Feeders remain popular and are a great labour-saving device. All trail feeders now incorporate the new design chassis and we have upgraded the towing hitch assembly for 2019. Both the Mule feeder and trail feeder are manufactured with the directional deflector plate giving the user more flexibility. We now offer a Mule wiring loom as an optional extra.

BEST SELLER

Solway Mobile Feeder

Designed to fit on the back rack of an ATV the Solway Mobile is suitable for small to medium sized shoots.

- Strong, waterproof, polyethylene hopper
- Fitted using four large overcentre clips for quick release
- 60Kg hopper capacity, (NB - do not exceed the manufacturer's recommended loading capacity)
- Adjustable feed spread approx 14feet. Feed rate operator controlled
- Custom made to fit your machine
- Machines include upgraded wiring loom, with continuous or pulse operation. Fitted with the new high torque, high capacity, UK motor.

NB. Only suitable for bikes with metal racks and engine capacity of 350cc and above.

BEST SELLER

Solway Mule Feeder

Designed to fit any UTV or Pickup with a flatbed carrying space, the Solway Mule Feeder is suitable for medium to large shoots.

- Large weatherproof 200Kg capacity hopper (NB do not exceed manufacturer's recommended loading capacity)
- Now fitted with directional deflector plate as standard
- Fitted with the new high torque, high capacity UK motor
- Basic cable provided, we do not include a switch with this model
- Max feed spread 14 feet. Feed rate operator controlled
- Fitted to a plate mounted on the flat bed using overcentre clips. The feeder can be removed, leaving the plate in position, for other uses

1312 Solway Mule Feeder
AM0008 Mule Feeder Wiring Loom (Optional)

Solway Trailfeeder

An ideal machine for the larger shoot, the Solway Trailfeeder has been popular since its introduction. Suitable for towing behind ATVs and UTVs with an engine capacity of 350cc and above.

- New improved chassis
- Large weatherproof 200Kg capacity hopper
- Includes directional deflector plate as standard
- Fitted with new high torque, high capacity motor
- Fully galvanised frame
- Wiring loom and switch provided
- Feed spread approx 14 feet, feed rate operator controlled
- Upgrade - Swivel hitch adaptor, fits standard tow ball
- If towing behind a UTV please state which model when ordering

Apple Cider Vinegar 2.5Ltr

Premium grade whole apple cider vinegar from Somerset. Rich in vitamins and minerals, apple cider vinegar has been acknowledged for centuries as beneficial to health. Suitable for poultry, game and most animals, (including humans). The most commonly claimed benefits include:

- General health boost
- Plumage enhancer
- Improved fertility
- Respiratory cleanser
- Anti-parasitic
- Digestive aid

Not suitable for use with galvanised feeders or drinkers

3367 Apple Cider Vinegar 2.5Ltr

**Disinfectants****Virkon S 50g Sachet**

Effective against viruses, bacteria, fungi, yeast and moulds. Non Irritant, non tainting, no environment residue and low toxicity. All claims made by manufacturer independently proven.

3203 Virkon S 50g Sachet

3204 Virkon S 5Kg

**BioShield Broad Spectrum Foaming Disinfectant 5 Litre**

BioShield is a broad spectrum disinfectant. Effective against viruses, bacteria, mycoplasma and fungi. Active in the presence of organic matter, suitable for use in both hard and soft water. The special foaming properties give a rapid action, and longer-lasting contact, killing time, than normal conventional disinfectants. Effective disinfection of all classes of livestock housing.

3326 BioShield Disinfectant 5 Litres

Bi-OO-Cyst Coccidial Disinfectant

Bi-OO-Cyst is the first disinfectant designed to reduce coccidiosis and disinfect in one operation. Powerful, DEFRA approved and the most versatile disinfectant currently available. Its broad spectrum of activity is effective against endoparasites including Oocysts, viruses, bacteria, moulds and yeasts.

- 3327 Bi-OO-Cyst 5 Litres
3327A Bi-OO-Cyst 1 Litre

BioFoam E 5 Litre

High-foaming pre-wash detergent, facilitating a thorough cleaning, even with heavy soiling. The heavy duty formulation is designed to tackle the most stubborn levels of soiling in all livestock housing, equipment, vehicles and holding areas.

- 3329 BioFoam E Pre-Wash Cleaner 5 Litres

BioBacto 5 Litre

A multipurpose cleaner, sanitiser & deodorizer, with combined bactericidal, virucidal, fungicidal activity. Use in all areas where the highest standards of hygiene are required. May be applied by cloth, mop, scrubber, trigger spray, or jet washer.

- 3330 BioBacto 5 Litres

Staldren

Totally safe for humans and animals. May be used in all classes of livestock and can be spread whilst stock are still in their housing. Absorbs moisture for cleaner drier bedding and where heavy soiling occurs. It binds ammonia and the effects on bacteria and fungal spores are well documented. Remains free flowing.

- 6501 Staldren 25Kg Sack
6502 Staldren 10Kg Tub

BioDri Absorbent Powder with BIOVX

BioDri is extremely effective in absorbing liquids and ammonia gas, inhibiting the growth and spread of bacteria and other harmful organisms. The fresh smelling powder is non-hazardous to both stockmen and livestock and is suitable for use with animals and birds of all ages. BioDri contains BioVX, a powerful powder disinfectant.

- 3332 BioDri Absorbent Powder with BIOVX 25Kg

Foot Dip Tray

Large tray for foot dip solutions. 940mm x 650mm wide x 180mm high.

- 1382 Foot Dip Tray

Disinfection Mat

Designed to disinfect boots and shoes when workers or visitors enter. Made of tough poly mesh over foam core with a non-permeable bottom and sides. The mats are deep enough to disinfect shoes but shallow enough not to soak the feet. Holds up to two gallons of solution. Rinse, dry and refill disinfectant mats once a week. Size 90cm x 60cm.

- 3297 Disinfection Mat

Red Mite / Insect Control

Diatom Red Mite Control

Diatom is a 100% natural product, prepared from the fossilised remains of ancient shell creatures and so is totally inert – safe to humans and animals.

- Residual red mite control
- Increases digestibility of feed
- Helps supply adequate minerals
- Save on feed - less undigested feed passes through the large intestine as waste matter

FEED SUPPLEMENT

- For Poultry add 1-2 teaspoons of Diatom per bird daily to their feed.
- Add one large heaped teaspoonful per day for dogs over 25kg. For smaller dogs and cats add one level teaspoonful per day in their feed.
- Add 2% of Diatom to feed for pigs, goats, sheep and horse Rations.

- 3322 Diatom 220g
3323 Diatom 1.25Kg
3324 Diatom 2.5Kg

Fortefog Fumer

Unique fuse system maximises smoke generation without the release of dangerous sparks. Leaves no visible deposit after use. Simple to use. Effective against a wide range of flying and crawling insects.

- 3215 Fortefog Fumer Twin Pack
3214 Fortefog Midi Fumer 11gm

BioLink Poultry Shield

Award winning Red Mite control Poultry Shield is a multi-purpose cleaner sanitiser. Safe to use, it degrades to harmless components and works effectively with soft or hard water.

- Controls red mite through powerful cleaning action
- Does not contain poison
- May be used in organic production (consult your association)
- Effective against bio films

- 3219 BioLink Poultry Shield 5Ltr
3219A BioLink Poultry Shield 1Ltr

Vazor DE Powder

Contains amorphous silica which acts on the outer cuticle of any insect it contacts, disrupting the outer waxy coating and the insect dies. Effective against many pests including ants, lice, red mites and fleas. Available in 200gm puffer pack and 500ml aerosol.

- 3213 Vazor DE Powder 500ml Aerosol
3212 Vazor DE Powder 200gm Puffer Pack

Hatty's Tip: Treat your poultry housing regularly to keep red mite and lice under control.

SOLWAY DESIGNED NEST BOXES

The plastic sided nest boxes have grown in popularity since their introduction. They are now available with rear roll-out; please state when ordering if required. They come complete with roll out nest bottoms and flaps which cover the eggs, preventing hens from accessing them. Unless otherwise requested, all nest boxes are delivered assembled. 10% Discount available for nest boxes delivered flat packed.

POULTRY HOUSING

We have added the Solway Egg House to our successful range of poultry housing. Designed and manufactured in our own workshops, the unit featured in the brochure is the standard model, but it can be made to any size. Please phone to discuss your requirements.

Solway Kelton Hen House

The Kelton represents excellent value for money, suitable for 4 large hens or 6 bantams it is delivered flat packed for home assembly.

2401 Solway Kelton Hen House

Solway Hestan Ark Hen House

The Hestan will accommodate up to 6 hens and is delivered flat packed.

2402 Solway Hestan Ark Hen House

Solway Egg Poultry House

Designed and manufactured in our own workshops the Solway Egg House is manufactured from quality timber. It has many of the features of the Regent but with a ladder allowing the hens access whilst helping to prevent vermin from entering the house area.

Shown with Regency Extension Run.

- 2406 Solway Egg Poultry House with Run
- 2406 Solway Egg Poultry House without Run

Solway Regent Hen House

Designed and made in our own workshops, the Regent Hen House is manufactured from quality timber with lots of attractive details and practical features. The house featured here is the standard model and is suitable for 8-10 hens.

A larger model is available to order, please phone to discuss your requirements. Roof all wood from 2014.

2404 Regent Hen House

Solway Regent Hen Run

Available as 1 metre sections the Regent Hen run allows you to build a run as large or small as required to keep your hens where you want them. Made in our own workshops from quality timber and galvanised weld mesh. 1 Metre run includes sides and roof section. Wood treatment as hen house.

2405A Regent Hen Run with Door

2405 Regent Hen Run without Door

Solway Pent House

The Solway Pent House is available in three sizes. Designed and manufactured in our own workshops, the smallest house is suitable for 2-3 birds, also ideal as a broody coop. The larger model will house between 8-10 birds. They can be supplied with the new plastic outdoor nest box. A run is available for all models as an optional extra. The smallest version is also suitable for small mammals.

- Small house 67 h x 64 l x 68 w (cm)
- Medium house 72 h x 78 l x 74 w (cm)
- Large house 77 h x 83 l x 93 w (cm)
- Run 59 h x 200 l x 97 w (cm)

For the outdoor plastic nest box there is an additional cost per nest.

INCUBATORS, SPARES AND ACCESSORIES

Incubation is a fascinating hobby and the incubators which we are featuring this year have been tried and tested with excellent results.

Incubators

EGG TECH INCUBATORS

Developed and manufactured in Italy the Egg Tech range (formerly Covina) of incubators have been newly tested for EC conformity and have passed with flying colours. This is due to safety enhancements and improvements to ensure good reliability.

Egg Tech Super 49 Digital Automatic Incubator

Simple and easy to use, the Egg Tech 49 uses innovative technology. Fully automatic egg cradles house different size eggs up to and including Goose eggs. Removable for hatching. Digital programmable display allows temperature setting from 30°C to 40°C. Two inspection windows and external water filling prevents heat and humidity loss. Capacity 49 medium to large eggs or 196 small eggs, eg Quail. Suitable for all bird species.

C0045 Egg Tech Super 49

Egg Tech Super 24 Digital Automatic Incubator

The Egg Tech 23 Automatic incubator offers a combination of outstanding reliability and advanced technology, making it one of the best fully automatic small incubators on the market. Cleverly designed cradles don't require changing between species, removable for hatching. Digital programmable display allows temperature setting between 30deg C to 40deg C. Inspection windows and external water filling help prevent humidity loss. Capacity of 24 medium/large eggs (hen or duck) or up to 96 quail or grey partridge eggs. Suitable for all bird species.

C0046 Egg Tech Super 24

Candling Lamps & Scales

ELECTRIC FENCING

Electric fencing is very effective at keeping poultry in and keeping unwelcome predators out. Ensure the energiser you choose is sufficiently powerful for your application. Dual energisers are powered either by mains electric or 12v leisure batteries. The complete kits include an energiser which is more than adequate for the length of net included in the kit.

Electric Netting Kits

25mtr Poultry Netting Kit

Kit includes:

- 25mtr net, with posts
- Pegs and warning sign
- 110cm high x 25 mtr, makes rectangular enclosure approx 30ft x 20ft

3714 25mtr Poultry Netting Kit

New Hot Gate

The new Hot gate allows entry to the enclosed area without turning off the power supply. Can be fitted to existing systems. A great idea from Hotline.

3720 Hot Gate

Solway 25mtr Poultry Netting Kit with 0.8 Joules Dual power Energiser

Kit includes:

- 25mtr Green poultry net
- 9 posts and 4 double spike rigid corner posts
- Mains or 12v 0.8joules battery energiser. Low battery / pulse indicator, powerful enough to run up to three 50 mtr poultry nets
- Earth stake
- Pegs, guy ropes, repair kit and warning label
- FREE Audible fence tester

If you wish to power the energiser via mains you will need to purchase a roll of lead out cable available separately.

3744 25mtr Poultry Netting Kit with Energiser

50mtr Poultry Netting Kit

Kit includes:

- 50mtr net with posts
- Pegs and warning sign
- 110cm high x 50 mtrs, makes rectangular enclosure approx 60ft x 40ft

3713 50mtr Poultry Netting Kit

Hotline 50mtr Poultry Netting Kit with 1.2 Joules Dual Power Energiser

Kit includes:

- 50 mtr Green poultry Net
- 14 posts and 4 double spike rigid corner posts.
- Mains or 12v battery 1.2 joules energiser. Low battery / pulse indicator, powerful enough to run up to four 50 mtr poultry nets.
- Earth stake
- Pegs, guy ropes, repair kit and warning label
- FREE Audible fence tester

If you wish to power the energiser via mains you will need to purchase a roll of lead out cable available separately.

2721	6mm Pliers Shaped end closes the clip firmly.

Dry Pluckers are very efficient for processing both game and poultry. The main advantages over wet plucking are: • Birds do not have to be freshly killed, game may be hung prior to processing • Shelf life is improved • Cleaner operation, no wax or hot water to contend with. Adds value to your birds. Spare parts are available for all machines.

Dry Plucking Machines

Junior Dry Plucker

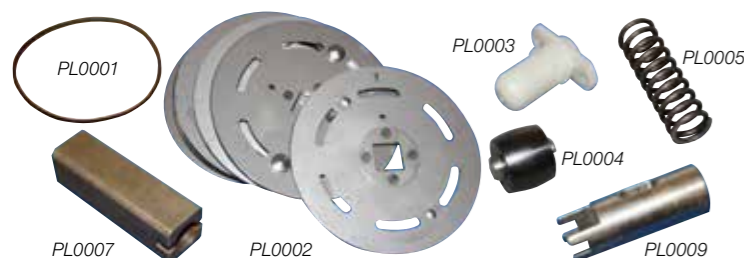

A 7 disc model operates on 240v mains electricity. Suitable for plucking pheasant, mallard, teal, widgeon, snipe, woodcock, grouse and poultry. Complete with stand, grease gun, hessian collection sack, ear defenders and full instructions. Please note this machine is not suitable for plucking large numbers of turkey or geese.

6600 Junior Dry Plucker

NEW FOR 2019

Game Keeper Holding Blocks with Spice 6Kg Tub

Feldy Chicken Pecker Block 6Kg Tub

High quality feed blocks developed to assist in retaining birds as well as supplementing their wellbeing. All ingredients are sourced from UFAS and Red Tractor assured suppliers.

Each block has been manufactured to ensure a continuous supply of energy and proteins to supplement natural and commercial feeds, with a specially formulated spice attractant to encourage retention. The blocks have a hardness and durability allowing free access without over consumption.

2177 Game Keeper Holding Blocks with Spice 6Kg Tub

2178 Feldy Chicken Pecker Block 6Kg Tub

Feldy Chicken Block 1Kg Tray

High quality, high energy boredom buster, the Feldy chicken block is available in two sizes, 6kg and 1Kg tray. Manufactured from high quality ingredients from UFAS and Red Tractor Assured suppliers.

The blocks have been developed to supplement the bird's diet to help improve condition feathering and egg production, they also include added calcium, herbs and spices, to act as an attractant to the block.

2178A Feldy Chicken Block 1Kg Tray

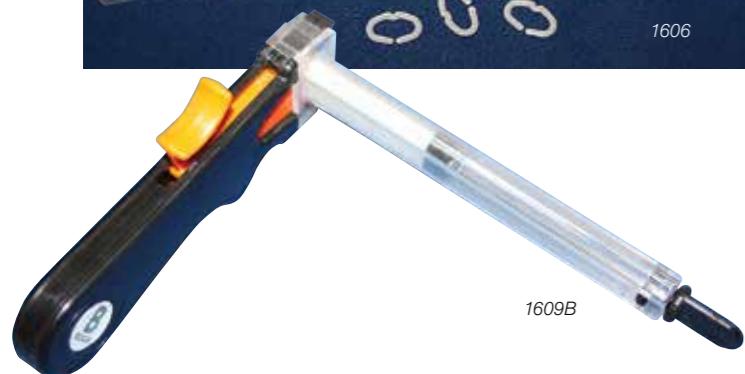

Beak Bits

1602

1606

1609B

Bits are fitted to the beak to prevent birds from feather pecking, an activity which can be a significant problem in young birds. It is important to fit the correct size bit, relevant to the bird's age. The following is a guide:

- Size A** 1 – 3 weeks
- Size B** 3 – 6 weeks
- Size C** 6 – 8 weeks

Once the birds have been released into pens, the problem of feather pecking should disappear.

1601	Plastic Bits Loose A size
1602	Plastic Bits Loose B size
1603	Plastic Bits Loose C size
1604	Bitfitter Bits A size
1605	Bitfitter Bits B size (Standard type)

PIGEON PRODUCTS

Our range of pigeon products is suitable for pigeon racers and fanciers, many of whom have specialist requirements. We have introduced new quality drinkers from Spain, where pigeon racing is very popular.

Pigeon Nest Bowl

Durable plastic pigeon nest 23cm diameter. Ridged bowl with 4 ventilation holes. Easily cleaned for re use.

6853 Pigeon Nest Bowl

Liner for Nest Bowl

Adhesive backed felt liner suitable for pigeon nests.

6856 Liner for Nest Bowl

Pigeon Perch

BEST SELLER

Provide pigeons with an excellent rest, and come in handy as roosts inside a pigeon loft. These plastic units are easy to assemble and dismantle for cleaning. The robust orange block screws into a wall where it will provide a solid and secure perch.

The grey shields divert droppings so that a number of these perches can be positioned in a vertical row. The shields are easy to clean and slide in and out of the bracket.

6855 Pigeon Perch

Font Drinkers

Compact and efficient drinkers specifically designed for use with pigeons. The semi transparent domes are easy to unscrew and can be simply filled from a tap. The dome screws into the base to lock into position, its transparency allows you to check the water levels easily and the lockable mechanism prevents any spillages or water wastage. Pigeons will find it easy to drink from the simple trough portals, and the sloping roofs and covers prevent perching. Small carry loop for transportation.

6850	3.5 Litre Pigeon Drinker
6851	5 Litre Pigeon Drinker
6852	7 Litre Pigeon Drinker

2 Litre Drinker

This compact and efficient new drinker is designed to be used by pigeons. The dome fount is easy to unclip, and it can be simply filled from a tap until full. While holding the dome upside down, simply clip the green base and lock it back into position, turn the entire drinker back onto its base, and water will flow in to fill the internal trough.

6859 2 Litre Drinker

8 Litre Drinker/ Feeder

Quality 8 Litre drinker or feeder with built in handle. Easy to wipe and clean and maintain a high standard of hygiene.

6858 8 Litre Drinker / Feeder

VERMIN CONTROL

The law regarding the use of rodenticides changed in 2018. All anticoagulant rodenticides available for sale to the public, changed from a concentration level of 50 parts per million to under 30 parts per million. Only professional users are allowed to use rodenticides containing 50ppm. Changes to the hazard classification of anticoagulants has led to the reduction of concentration and to optimize protection for end users and the environment from unnecessary risks.

Pack sizes also changed, wholegrain and pasta bait maximum pack size will be 150gms and wax bait blocks maximum pack size will be 300gms. There are no limits to the number of packs which may be purchased.

2802	Magnum Trap 116 Mink, Rabbits, Rats and Grey Squirrels
2804	WCS Tube trap for Mink and Squirrel

1905/1906

Mole Traps

1903	Mole Tunnel Trap
1911	Extra Strong Mole Scissor Trap

Live Catch Traps

Solway Rabbit Drop Box

The Solway Rabbit Drop Box has been re designed and is now manufactured in fibre glass, making the box lighter and very strong. The cage is made from weld mesh which may be lined with wood or plastic as necessary.

The boxes are dug into the ground along fence lines: the rabbits enter the tunnel and fall into the cage below. There is a weld mesh lid over the catching compartment allowing you to view the contents and any non target species, which can then be safely removed.

1333 Solway Rabbit Drop Box

Solway Larsen Mate Trap

Manufactured from green coated weldmesh the Solway Larsen Mate, has strong springs. Includes perches.

1324 Solway Larsen Mate Trap

WCS Collarum Fox Live Capture Trap

New innovation from America where it has been used to great effect.

2805 WCS Collarum Fox Live Capture Trap

Solway Fox Trap

Same quality new lower price for 2012. Side entry trap ideal for catching the wary fox. 5 Foot long and extremely robust, constructed from heavy duty weld mesh.

1318 Solway Fox Trap

Solway Double Entry Fox Trap

Manufactured in the same quality weld mesh as the single entry fox trap this new double entry version is two meters long with end entry. The central treadle plate is designed to operate both doors simultaneously.

TIP: A turf floor or piece of ply over the treadle plate of any fox trap will help disguise the trap from a wary fox.

Tested and recommended by John Cowan, Countryman's Weekly columnist and featured in his article of 21st November 2012.

1318DE Solway Double Entry Fox Trap

Scoot Fox Repellant

Safe patented fox repellent. 100 gm box. Dilution rate: 25 grms makes 4.5 litres.

1910 Scoot Fox Repellant

Solway Ladder Trap

Traditional multi catch Ladder Trap. Robust construction, delivered flat packed. Now with skirts fitted as standard.

1398 Solway Ladder Trap

Folding Double Feral Pigeon Trap

Twice the size of our standard feral pigeon trap. Non return bob wires at either end. Folds in half for ease of transport and carrying.

1327 Single Feral pigeon Trap (smaller version of the folding feral pigeon trap)

1328 Folding Double Feral Pigeon Trap

Top and Side Entry Larsen Trap

The top entry compartment allows the bird to drop in from above landing onto the split trigger perch which falls in half closing the spring door behind it. The side entry sliding trap doors are operated by a wire treadle which is situated inside the catching compartment. When a crow or magpie enters the trap, its first instinct is to hop onto the treadle, closing the door behind it.

- 1317 Solway Larsen Trap - Top Entry
- 1317SE Side Entry Larsen Trap Green
- 1317A Solway Larsen Trap Springs x2

Solway Larsen Cube Trap

Versatile single catch trap; side entry with sliding doors. Ideal for catching call bird or with the addition of a shelter and perch may be used for keeping call bird in conjunction with other traps. Connect together to form a modular system. Size 56 x 56 x 56cm.

- 1326 Solway Larsen Cube Trap

Solway Cube Top Entry

Single catch trap with top entry size 56 x 56 x 56cm

- 1345 Solway Cube Top Entry

Lighter Weight Single Entry Fox Trap

- 2011 Crayfish Trap - cylindrical design

GAME COVER CROPS

Cover crops play an important role for gamekeepers and farmers who wish to provide habitat for game and farmland birds. Crops can provide just cover or food or both. It is important to choose the correct crop for your application. In addition to general cover crops we can supply ELS and HLS mixtures and Wildflower mixtures. Please call to discuss your requirements, a separate brochure for Game cover crops is available. A small selection is featured below.

Golden Retriever Mix

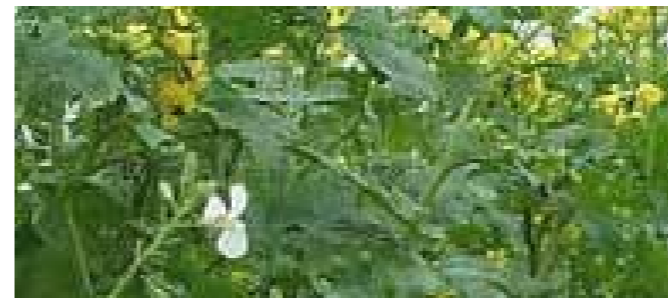

Ideal driving cover for pheasant and partridges.

Winter holding potential.

Excellent full season cover combined with seed shed potential.

Crop height 200 -220cm.

10Kg one acre unit.

Cocker Mix

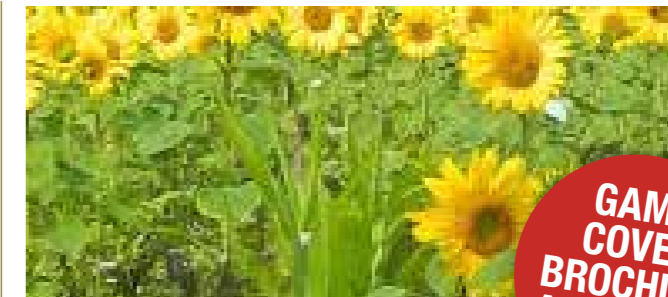

Excellent weed control.

Full season cover for 2 years.

Derogation required before spraying.

Crop height 80-90cm.

6.5 Kg one acre unit.

GAME COVER BROCHURE AVAILABLE

Setter Mix

Two year full season cover and feed.

Traditional mixture using wide range of species.

Excellent seed shed from September onwards.

Fantastic for insect use.

Winter holding cover. Crop height 150-200cm.

Labrador Mix

Two year full season cover and feed.

Ideal for use in cooler more exposed areas.

Triticale cereal helps prevent rabbit damage.

Brood rearing potential.

Crop height 100cm. 20Kg one acre unit.

Spaniel Recovery Crop

Summer sown, drought tolerant cover mixture.

Can be broadcast into cereal stubble.

Useful for patching areas where drought or flea beetle damage has occurred.

Fodder radish retains seeds late into season.

More winter hardy than mustard.

Crop height 80-100cm. 4.5Kg one acre unit.

OUTDOOR CLOTHING
